  - b. We have to write more tests!
  - c. Simon is going to start looking into the dimensions change
  - d. Kim E to start looking into the software tiled for easy level making
  - e. Kim Kling to start looking into animations
4. Wrap up
  - a. How the actual dimension change is going to work
  - b. 26/4

The tools mention at the supervisor meeting was

- Stan - shouldn't be any errors
- Pmd, style check, some errors are silly
- Gdeodreient (?)
- Findbugs
